MMB-5003

MEMORANDUM FOR: Director, FBIS  
THROUGH: Chief, Operations Group  
SUBJECT: Monthly Report -- Swaziland Bureau -- February 1985

I. OPERATIONS

A. Monitorial/Editorial

1. Relations between South Africa and Botswana were tense during the month after the so-called independent homeland of Bophuthatswana threatened to invade Botswana because of the passage of ANC cadres through that country, as reported by Gaborone Radio on 4 February. Johannesburg Radio reported a statement by RSA Foreign Minister Pik Botha warning Botswana that the infiltration could not continue. On the 22nd, however, after talks between the two foreign ministers, Botha said the RSA accepted Botswana's assurances on the subject and would not insist on a separate security treaty.

2. On the 18th riots broke out in Crossroads, a squatter camp near Cape Town, and violence flared over several days. The bureau filed considerable reportage from various media on incidents that eventually resulted in 18 being killed. In another major South African domestic story, Umtata Capital Radio and SAPA reported on the 19th the arrest of six anti-apartheid campaign leaders on treason charges.

3. After a consumer request relayed by LRB for extensive reportage on the five-nation Portuguese-speaking African countries' summit in Sao Tome, the bureau processed, in addition to reportage, the three-take text of the conference final communique and the two-take summit declaration on South Africa, both from Maputo Radio.

4. The bureau processed expeditiously the Swazi Queen's speech to the nation opening parliament on the 7th as well as several items requested by the embassy on the health minister's statement touching on the student strike, the principal secretary for education's statement on UNESCO and the finance minister's budget speech.

5. The bureau added weekend coverage of the major Maputo, Luanda and RSA evening casts via timer after having covered them experimentally for the past two months. The casts are not very productive but do occasionally carry worthwhile items which may not be available from subsequent casts.

#### B. Lateral Services

The U.S. Liaison Mission in Namibia closed its doors on the 15th and the bureau discontinued lateral services to it. Officers at the American Embassy in Pretoria are receiving the material previously sent to Windhoek.

### II. ADMINISTRATION

#### Buildings and Grounds

STAT Despite frequent rains, the bureau's remote site operations building is now approaching completion. The work is 90 per cent finished with only "finishing" work remaining to be done. After work is completed, probably mid-March, equipment will be installed. All major equipment has been received and is being stored at the bureau. A team from headquarters will assist Engineer [redacted] with the installation.

Ceilings were replaced in the dining room and family room in the bureau chief's residence. Extensive rewiring is being undertaken in the deputy chief's residence to correct original faulty, dangerous electrical wiring.

### III. VISITS

#### To the bureau:

STAT [redacted], London Bureau teletype supervisor, arrived 3 March to provide training to the bureau's teletype section, which includes two teletypists hired only six months ago.

#### From the bureau:

STAT STAT The bureau chief attended a two-day conference at the BBC East African Unit in Nairobi along with Abidjan bureau chief [redacted] and the general manager of the BBC Monitoring Service, David Witherow. It was agreed at the meeting that Swaziland Bureau would check reception of PANA with a view to assuming coverage of Southern Africa, reception permitting, and would also do an

assessment of the Addis, Lusaka and Dar es Salaam southern  
African liberation movement radios.
